## INTRODUCTION

Use this guide to remove the headphone jack from your Xiaomi Mi Pad.

---

### TOOLS:

- [Phillips #000 Screwdriver](#) (1)
-

## Step 1 — Rear Case Assembly

- Remove the micro SD card slot from the left side of the device using either the metal pin included with the device or a SIM card eject tool.

## Step 2

- Use a plastic opening tool and/or opening pick to gently pry the back panel away from the device. Work your way around the device, slowly increasing the gap.
- ⓘ The back panel has small clips and light adhesive that easily releases from the device.

## Step 3 — Headphone Jack

- Remove the twelve 3.0 mm Phillips #000 screws on the upper cover of the device.

## Step 4

- Remove the upper cover from the device.

## Step 5

- Use a plastic opening tool to pull up and remove the headphone jack from the upper cover.
- ⓘ Insert the corner of a plastic opening tool into the port of the headphone jack for easier removal.

To reassemble your device, follow these instructions in reverse order.
